## GREAT STORIES

## GREAT STORIES

Roll 2 dice twice to locate a table cell. First roll is vertical and second roll is horizontal. 12 y you choose a number. Or use a deck of cards where you ignore face cards and the ace is 11 Taking turns, the family creates a story using whatever words each person chooses. On your turn, locate a cell and place one to three of the words into the family's story. Turn ends after the last word is inserted into a sentence. Turn passes clockwise and the story continues from where it left off. Variations are allowed as long as a majority accepts them.
